# GLYCOLIC 10% MOISTURIZING CLEANSER

Specialty: Treatment AM/PM

907MB  
6.7 fl oz

**This moisturizing, soap-free cleanser utilizes 10% glycolic acid to gently exfoliate, brighten and smooth the skin revealing a healthy, radiant complexion.**

## **BENEFITS**

- Formulated with ultra-pure crystalline Glycolic Acid to gently clean clogged pores and exfoliate dead skin cells
- Targets uneven skin texture and tone, lines, wrinkles and large pores.
- Helps balance skin's moisture level
- A rich blend of antioxidants soothe and calm skin, minimizing free radical damage
- pH 4 encourages maximum patient compliance

## **KEY INGREDIENTS**

**GLYCOLIC ACID 10% (ALPHA HYDROXY ACID, pH 4))**

Pharmaceutical-grade AHA supports cellular renewal by exfoliating and removing dead skin cells and maintaining moisture levels.

**RETINYL PALMITATE (VITAMIN A DERIVATIVE)**

Provides mild exfoliation while visibly thickening the dermis to minimize the look of fine lines, wrinkles.

**PHOSPHOLIPIDS**

Emollient that mimics the skin's natural lipids helps lock in moisture, protect a compromised skin barrier and aid in the delivery of actives to skin.

**LIPOSOME ENCAPSULATED VITAMINS A-C-E, COQ10**

Effectively deliver nutrients to the skin and provide antioxidant protection against free radical damage.

**GREEN TEA EXTRACT, CHAMOMILE, COMFREY EXTRACT, BISABOLOL**

A rich blend of antioxidants that soothe, calm and moisturize skin, reducing visible redness.

# LIPID REPLENISHING SOFT CREAM

SENSITIZED/ COMPROMISED: Treatment AM/PM

TESTED SAFE FOR  
POST-PROCEDURE  
RIF MICRONEEDLING  
LASER  
CHEMICAL PEEL

1230MB  
1 fl oz

**Intense moisture cream replenishes essential, naturally occurring lipids to skin improving texture, elasticity and moisture balance, resulting in a healthy skin barrier and a more youthful appearance.**

## **BENEFITS**

- With systems of naturally occurring lipids, provides essential nourishment and visibly improves elasticity and texture
- Amino acids store water to visibly plump and smooth skin while hyaluronic acid ensures continuous hydration
- Skin appears more collagen rich, plump and full
- Multiple potent antioxidants are combined to soothe, calm and help guard against environmental free radical damage.

## **KEY INGREDIENTS**

### **CHOLESTEROL, SQUALANE, CERAMIDES 2, NP, AP, EOP**

Lipids found naturally occurring in skin provide essential nourishment to help replenish the upper layers of the skin barrier to visibly improve elasticity and texture.

### **SODIUM PCA, HYALURONIC ACID**

Humectants store water to visibly plump and smooth skin while various molecular weights of hyaluronic acid sink into skin to ensure continuous hydration.

### **TETRAPEPTIDE-21**

Supports a collagen rich appearance, helping to visibly reduce fine lines and wrinkles.

### **CAFFEINE, RESVERATROL, GREEN TEA POLYPHENOLS, BISABOLOL**

Clinically proven, potent antioxidants provide the broadest antioxidant benefits to soothe and calm skin and help guard against environmental free radical damage.

### **NIACINAMIDE (VITAMIN B3)**

Strengthens the skin's moisture barrier and supports healthy collagen production, diminishing the appearance of fine lines, dullness and blemishes.

### **APPLE STEM CELLS**

Deliver essential nutrient benefits to improve skin firmness and elasticity.

# NIGHT CREAM MOISTURIZER

Brightening Regimen: Treatment AM/PM

847MB  
1.7 fl oz

**Intensely moisturizing cream combats dryness and nourishes skin back to optimum health. Layered systems of ingredients work synergistically to nourish and repair the skin's barrier function, restoring skin firmness and visibly reducing signs of aging.**

## **BENEFITS**

- Biomimetic Ceramide Complex provides nourishment to help repair the skin barrier, improving elasticity and texture
- Peptides support the skin matrix to target wrinkles

## **KEY INGREDIENTS**

### **BIOMIMETIC CERAMIDE COMPLEX (CERAMIDE NP, CERAMIDE AP, CERAMIDE EOP, CERAMIDE-2)**

Mimics the ceramides found naturally in skin to help prevent trans epidermal water loss (TEWL). Provides nourishment to help repair the skin barrier and improve elasticity and texture.

### **PEPTIDES TETRAPEPTIDE-21**

Complement the skin's renewal and metabolic functions, supporting the skin matrix to target wrinkles.

### **HYALURONIC ACID (SODIUM HYALURONATE, HYDROLIZED SODIUM HYALURONATE)**

Fractionated molecules penetrate the skin to deeply moisturize while larger molecules form a breathable, protective barrier on skin's surface, locking in moisture.

### **STEM CELLS (FROM SWISS APPLES)**

Deliver essential nutrients to visibly improve skin firmness and elasticity.

### **NIACINAMIDE (VITAMIN B3)**

Helps brighten discoloration over time and supports healthy collagen production, improving the appearance of fine lines and wrinkles.

### **GREEN TEA POLYPHENOLS, RESVERATROL, CAFFEINE USP, VITAMIN E**

Clinically proven antioxidants combine to soothe skin and help guard against environmental free radical damage that triggers the visible signs of aging.

# HYALURONIC ACID HYDRATING SERUM

Anti-Aging Regimen: Treatment AM/  
PM

896MB  
1 oz

This pure, nourishing serum formulated with fractionated hyaluronic acid penetrates deep within the dermis to draw moisture in and hold it there. A universal booster in any regimen, this serum provides all-day moisture retention and skin barrier repair. With each drop, skin appears brighter, firmer and rejuvenated.

## BENEFITS

- Various molecular forms of hyaluronic acid (fractionated & high molecular weight) ensure continuous & optimal hydration
- Powerful humectants Sodium PCA and Glycerin bind moisture and help maintain the skin barrier
- Palmitoyl Tripeptide-28 supports healthy collagen production
- Essential Mineral Complex (Zinc PCA and Copper PCA) conditions skin and helps to reduce excess oil.

## KEY INGREDIENTS

### HYALURONIC ACID

Various molecular forms of HA ensure continuous and optimal hydration:-Fractionated: easily penetrates skin to deeply moisturize. High molecular weight retains water on the skin's surface forming a protective barrier and retains moisture.

### SODIUM PCA AND GLYCERIN

Powerful humectants naturally occurring in skin bind moisture and help maintain the skin barrier.

### PALMITOYL TRIPEPTIDE-28

Supports healthy collagen production improving the elasticity and firmness of skin

### CAMELLIA SINENSIS (WHITE TEA)

Antioxidant that soothes skin and helps guard against free radical damage

### ESSENTIAL MINERAL COMPLEX (ZINC PCA & COPPER PCA)

Moisturize and condition skin to reduce excess oil. Naturally colored by Copper PCA.

# VITAMIN C SERUM 20%

Brightening Regimen: Treatment AM/PM

BLUE LIGHT  
PROTECTION

Triple-duty antioxidant formula helps to brighten the complexion, support healthy collagen production and protect against damaging free radicals and HEV (blue light). Its controlled, time-released delivery system provides maximum penetration and absorption. Complements all skin care regimens.

## BENEFITS

- 20% Vitamin C active complex supports healthy collagen
- Penetrating ascorbate blend helps brighten the complexion
- Matrix polymer delivery system stabilizes the ascorbate system and supports the absorption of other cosmetic treatments, including retinol

## KEY INGREDIENTS

### COMPREHENSIVE BRIGHTENING SYSTEM

Helps brighten the complexion with powerful brightening and antioxidant properties Penetrating ascorbate blend, arbutin, emblica, bearberry extract and citrus terpenes

### VITAMIN C ACTIVE COMPLEX 20%

Supports healthy collagen production Tetrahexyldecyl ascorbate, ascorbic acid, naturally complexed polypeptides, ascorbyl glucoside, L-Ascorbic acid and ascorbyl palmitate

### MATRIX POLYMER DELIVERY SYSTEM

Stabilizes the ascorbate system and contains skin softening properties. Supports the absorption of other cosmetic treatments, including retinol

### BIO-COMPATIBLE ANTIOXIDANT SYSTEM

Moisturizes and helps guard against free radical damage. Emblica, Co-Q10, VITAMIN E Shield skin from blemishes, spots and many other skin issues that can lead to accelerated and premature skin aging., superoxide dismutase  
Cream

# PHYTO MULTI-CORRECTION SERUM

POST-PROCEDURE/SENSITIVE: Treatment AM/PM

Powered by science, concentrated botanical actives and a dynamic antioxidant system instantly provide balance and relief for multiple skin concerns: dry, acne, aging, discoloration and even the most sensitized (acne and rosacea). Can be applied immediately post procedure, optimizing treatment outcomes.

PATENT  
PENDING

## BENEFITS

- Soothes, calms and provides immediate relief
- Helps reduce visible redness
- Delivers essential hydration
- Leaves skin brighter and more radiant\

## KEY INGREDIENTS

**BOTANICAL CALMING SYSTEM:** Thymus Vulgaris (Thyme), Cucumis Sativus (Cucumber), Morus Alba Bark Ext (Mulberry), Sambucus Nigra (Elderberry) and Echinacea.

Delivers broad antioxidant benefits to help reduce the potential for irritation and calm visible skin redness.

### GREEN TEA POLYPHENOLS

The most potent antioxidant known, quenches more free radicals than any other antioxidant for maximum calming benefits.

### PURE SODIUM HYALURONATE (HYALURONIC ACID)

Natural moisturizing ingredient locks in moisture and helps soften skin.

### WILLOW BARK EXTRACT

A natural extract rich in salicylates to gently exfoliate, calm redness, reduce oiliness and visible signs of aging

### MELATONIN

Activates and amplifies antioxidant benefits, improving skin tone and helping to reduce visible signs of aging.

### CHLOROPHYLL

Natural purifying, helps reduce the visible signs of redness.

### VITAMIN C (TETRAHEXYLDECYL ASCORBATE & ASCORBIC ACID)

Powerful skin brighteners promote healthy collagen production while fighting free radicals.

1 oz

New, cutting-edge Retinoin™ Active Pro-Penetrant delivery system activates a heightened level of retinization to the skin for faster skin appearance benefits even better results. Fast absorbing and cosmetically elegant formula provides the perfect dose of actives and skin improving botanicals.

## BENEFITS

- Reduces the look of fine lines, wrinkles, discoloration and uneven skin tone
- Improves the look of skin blemishes caused by acne
- Improves global skin clarity and radiance
- Protects skin from damaging free radicals
- Retinizes the skin without redness or irritation
- **Patent Pending**

## KEY INGREDIENTS

### ALL-TRANS-RETINOL

The pure and active form of vitamin A, helps improve the look of fine lines, wrinkles, discoloration, pores and improves global skin texture and tone

### BAKUCHIOL

Derived from bakuchiol seeds, this botanical powerhouse acts similarly to retinol and an antioxidant, helping to improve the visible signs of aging. Known calming benefits diminish the potential for irritation.

### GLYCYRRHIZA GLABRA (LICORICE) ROOT EXTRACT

Derived from the plant root of Glycyrrhiza Glabra, this active botanical helps protect the skin from environmental stressors and diminish the appearance of discoloration and age spots to improve skin radiance

### GREEN TEA POLYPHENOLS

Provides antioxidant benefits to help brighten & neutralize sensitivities

### CAFFEINE

Benefit boosting ingredient enhances overall antioxidant activity while helping to diminish the appearance of skin redness

# SCAR TREATMENT SILICONE GEL

POST-PROCEDURE/SENSITIVE: Treatment AM/PM

PATENT  
PENDING

A proprietary blend of medical-grade ingredients create the environment for skin renewal and healing while potent antioxidants soothe and calm. Clinically proven to help fade, soften and smooth the texture of incisions, scars, blemishes, burns, lacerations, abrasions and tattoos with minimal to no scarring while reducing visible redness. May be applied immediately post procedure over fresh wounds.

## BENEFITS

- Hydrates, soothes and allows skin to heal with minimal scarring and redness or pigmentation changes
- Non-migrating formula stays put all day long; water-soluble, translucent and odorless
- Patient-preferred smooth, breathable, self-adhering gel encourages consistent compliance
- All skin types

## KEY INGREDIENTS

### GLYCERIN

Humectant provides a breathable barrier to help maintain skin hydration and seal in moisture

### DIMETHICONE (SILICONE)

A skin protectant with conditioning properties to help improve softness and elasticity

### BROMELAIN AND PAPAIN

Naturally derived ingredients that digest the skin's dead proteins, removing dead skin cells and softening the epidermis

### GREEN TEA POLYPHENOLS

The most potent antioxidant known for its calming, soothing benefits

### TOCOPHEROL (VITAMIN E)

An antioxidant that helps protect against visible signs of discoloration and redness

### ALLANTOIN

A keratolytic that attracts and maintains water content in cells to nourish and support healthy cell function.
